PRINCIPAL'S MESSAGE

Dear Parents/Whanau,

Every week we produce the school newsletter to give you a heads up on what's happening in school. This includes a general overview of the many things that take place at Lakeview School. The newsletter is a great thing to pin to your fridge to give you access to the information it includes. The newsletter is the once a week information sheet and we will continue to produce one every week which will be sent home as a paper copy and be posted on our website for online access. However, as a parent I also want up to date information on what is taking place in my child's class, with even more specific information about my own child. At Lakeview we provide this through Seesaw, which has been set up for every class. Seesaw enables teachers and students to share work and ideas through a safe, advertisement free and private forum. I have never seen a better online way of building the connection between home and school, with this connection being such a key in supporting student learning. One of the best things about Seesaw is that it is so easy to set up, with a large number of our families already connected. This week a letter will be sent home for all those who have not yet signed up; all that's needed is just about any cell phone. If you don't know what to do, you can come to see me at any time and I'll get you sorted.

Samoan Language Week

What a fabulous assembly to finish up our Samoan Language Week celebrations. It was great to see our Samoan community joining us for such a wonderful celebration of a culture that is such a key part of the Lakeview School community.

Kind Regards, Tim Nelson
